## **Fund for military families**

In partnership with the North Jersey Media Group Foundation and 2-1-1, Bergen County's United Way has created a direct assistance fund specifically to help military families in New Jersey. At press time, more than 5,000 National Guard reservists have been deployed from the Teaneck Armory.

The Fund for Military Families helps pay for utility bills for families left without adequate income, or help covering unexpected car repairs, sudden child care costs, and counseling and support services for family and soldiers alike.

Residents interested in joining the assistance effort should call 201-986-7723.
